Necklace with Onyx Cubes, 1930's

The original necklace was made of bakelite cubes, a material often used in the 1930's, for style jewelry. A rough diagonal notch in every onyx cube breaks and intensifies the lustre of the carefully polished onyx surface. The trumpet-formed intermediate pieces are made of bright gold.

L: Approx. 15.6"
Au: 18 Karat (750)
29 Onyx 10x10x10mm
Edition of 25
