Conical Silver Vase - Josef Hoffmann, circa 1910

This vase has been reconstructed after an original drawing. We have found no indications of this piece in the existing Hoffmann literature, and therefore believe the vase is now produced for the first time. The lines are engraved on the surface and blackened.

H: 6.24"  
Dia: 2.46"  
Ar: 175 g (925)  
Edition of 100
